RANDOM REFERENCES

Order Railway Conductors and L. A. of O. R. C. will hold their annual outing at Lorin Park, Aug. 7. 6007

Ogden Men to Leave—The seven Ogden men who have qualified for the national rifle team which is to leave for Caldwell field, New Jersey, next Sunday or Monday, to participate in the national rifle shoot, are to go to Salt Lake today to draw their equipment and clothing and also to practice on the 1000 yard rifle range at Fort Douglas.

Money to loan. Kelly & Herrick. 4706

Ogden Golfers Invited—Every member of the Ogden Golf club has been invited by President Haloran of the Salt Lake Golf club to attend the matches of the Salt Lake club next Saturday. A dinner and dance will follow the play in the afternoon. A team of eight from the Ogden club will be matched against the Salt Lake golf artists.

"Fishing tackle that's fit for fishing." That is the kind we sell. Geo. A. Lowe Co.

Wrist Watch Stolen—Mrs. Mary L. Boyle, 540 Twenty-eighth street reported to the police yesterday afternoon that her home had been entered and a wrist watch valued at \$27 taken.

Tackle fishing with our fishing tackle is the advice of Mr. Fisher at the Geo. A. Lowe Co. fishing tackle department. He will sell you the tackle and the license to use it.

The sum of \$250 was appropriated yesterday by the county commissioners to aid the joint investigation to be conducted by Weber county, Ogden City and the Weber county farm bureau. Ogden has already appropriated a similar amount and the survey of the storage and supply of water for the city and the farm districts will soon be under way.

Meet me at Hamill's, 623 24. 6210

Irrigation Engineer Winsler Here—L. M. Winsler, irrigation engineer of the United States department of public roads, irrigation department, is in Weber county today, making some investigations as to the possibility of water storage. Mr. Winsler is not working directly with the Weber county irrigation committee, which is conducting investigations as to sources of water supply for Weber county, according to a statement made by the Weber county farm bureau.

Petition for Water Main Extension—A petition for an extension of the city water main from west Twenty-fourth street and Avenue "A" to provide water for three buildings was presented to the city commission this morning by Frank Alvord. The petition was referred to the superintendent of waterworks.

Clean rags wanted at The Standard office.

Marriage License Granted—A marriage license was granted this morning by the clerk of district court to William Kunter and Emma L. Croft of Ririe, Idaho.

Conferring With Forester—George C. Fisher, president of the Heber Cattle & Horse Growers' association, was in Ogden this morning conferring with District Forester L. F. Kneipp upon forest service grazing matter.

Returns to Ogden—O. C. Lockhart, of the department of engineering of the forest service, has returned to Ogden from an inspection trip of the La Sal-Paradox road project. He states that the construction work on the road is at the present time halted because of difficulties arising over the right of way.

Wilson to Review Fleet in September

WASHINGTON, July 30.—President Wilson will review the Pacific coast fleet at San Francisco, September 3, Secretary Tumulty announced today.

GRAIN STORAGE TANKS RAPIDLY NEARING COMPLETION

The grain storage tanks at the new plant of the Sperry Flour company were finished yesterday to the height of 92 feet, and preparations are now being made for pouring the concrete slab which will be four inches thick. The pouring of the great slab which will cover the 13 tanks will begin about Saturday, according to a statement of one of the company's officials.

The movable forms of the head house are being detached and the pouring of concrete on this section of the plant will be resumed at once. The head house will be completed in about 30 days, if the present schedule is maintained.

Several car loads of machinery have arrived and a crew of millwrights are busy installing it in proper places. It was stated by the official this morning that the management hopes to have the plant ready to receive grain by the first of October, although the plant will not be completed by that time. It is expected, however, that the plant will be ready to manufacture flour during the present year.

Protest Against Attempt of Berger to Compare Speeches

WASHINGTON, July 30.—Attempts of Victor Berger to compare certain speeches of prominent Republicans criticizing the administration for its conduct of the war with his own utterances during the conflict drew a protest today from Representative Welty, Democrat, Ohio, a member of the special committee which is investigating Berger's right to a seat in the house of representatives because of his conviction on disloyalty charges. "The Republicans simply were criticizing a lack of speed," said Mr. Welty, "while you were trying with all your might to destroy the military efficiency of this government."

Smoot Bill Before Senate Committee

WASHINGTON, July 30.—Consideration of a measure designed to promote the production of coal, oil, gas, phosphate and sodium upon government-owned lands was begun today by the senate public lands committee. The bill, drawn by Senator Smoot, Republican of Utah, is similar to that which failed in the closing hours of the last session, except that provisions for sale of coal lands have been eliminated. Chairman Smoot announced that the committee would meet daily until it had disposed of the bill.

NEGROES ATTACK WOMAN. BLOOMINGTON, Ill., July 30.—Twenty negroes attacked Mrs. Kate Cecil, white, at her home in Normal this morning after she had chased some negro children from her yard. The negroes are said to have become incensed because she called the children "niggers." Police and white citizens joined and succeeded in quelling the disturbance in short order.

GOOD ROADS PROMOTERS TO MEET AT YELLOWSTONE FOR CONVENTION AUGUST 10 AND 11

Considerable interest is being taken locally in the convention of good roads promoters that is to meet at Yellowstone park on August 10 and 11 to discuss the proposal to construct a series of highways that will link up the various national parks, or at least to improve roads already in existence.

O. J. Stilwell, secretary of the Ogden Publicity bureau, will be a delegate from that organization, and it is probable that other representatives will go from here as delegates from other organizations.

Mr. Stilwell suggests that any one who intends to visit the park about that time and is interested in the movement for good roads should have their organizations appoint them as delegates, as it is desired to have a good representation from this section. It is probable that delegates will be sent to represent the Rotary club, the Merchants of Ogden and other organizations that are taking a keen interest in the movement.

The following letter from the department of the interior at Washington, D. C., has been received by the Ogden Publicity bureau relative to the convention:

"President Chamber of Commerce, Ogden, Utah:
"Dear Sir: The national park service of the interior department is deeply interested in the conference that has been called by the Associated Commercial club presidents of Montana for the discussion of road improvement problems of the west, and

VISIT OF U. S. ARMY MOTOR CONVOY TO BE MADE OCCASION OF BIG EVENT IN OGDEN

Plans to make the visit of the United States army motor transport convoy the biggest event of the year for Ogden city are being made by city officials, the War Camp Community service, the Ogden Publicity bureau, the Merchants of Ogden, the Rotary club and other individuals and organizations in the city.

The transport convoy is scheduled to reach Ogden on Friday, August 15, and to remain overnight and a big part of Saturday, leaving here on the second day in time to reach Salt Lake in the evening of Saturday, August 16.

Tentative plans are being outlined to make this event one in which all northern Utah will take part. To this end a conference was held this morning between Rev. J. E. Carver, secretary of the War Camp Community service for Weber county; O. J. Stilwell, secretary of the Ogden Publicity bureau, and the city commissioners.

To the Merchants of Ogden is due great credit for getting the convoy to pass through Ogden, as the schedule first announced provided for going to Salt Lake over the high divide after leaving Echo, Wyoming. And although the merchants' organization had taken the initiative in the matter this body decided that it was proper for Mayor Browning to head any movement for the entertainment of the convoy. Accordingly J. S. Lewis, president of the Merchants of Ogden, called on Mayor Browning this morning and requested him to take charge of the matter officially.

Convoy Camping Ground
The camping ground for the convoy will be at Glenwood park, Jones Grove and other nearby grounds. Governor Bamberger has accepted an invitation to come to Ogden and join the official party to greet the convoy at the state line, giving an official state welcome to the train at that point.
An entertainment committee will probably meet the train at the point where it will stop for noon lunch and will provide fruit or watermelons. The convoy has a personnel of more than 250 men.

It is also planned to have the Southern Pacific and Ladies' bands meet the three-mile train outside the city limits and escort them through the city to the camp grounds. It is possible that the bands will accompany the welcoming committee, headed by the governor, to the place of the noon lunch and there take up the march of escort.

The train will reach Evanston on Thursday night, August 14, and remain there over night. The train is now in

Nebraska and making about 65 miles a day.

The committee will also take up with the railroad officials the matter of running excursions from northern Utah and southern Idaho points. It is believed that this event will prove even a greater drawing card than the Golden Spike celebration, as it is a historical event that all citizens will desire to witness.

As a part of the escort of honor it is planned that the ex-service men shall be asked to turn out and march in the welcome procession through the city. This feature, however, has not been definitely acted upon, as the officials of the Soldiers, Sailors and Marines club have not been advised.

There is no doubt that the majority of the people are more prosperous than ever before, farmers and wage earners especially," Mr. Palmer said. "The man who has suffered from high prices has been the salaried man, the clerk. I wish we could do something to help him. I'm open to suggestions."

APPEAL TO RACE.
DAYTON, Ohio, July 30.—Representatives of a negro welfare association appealed to the city commission today for protection to the negro race in Dayton. Recent race disturbances have occurred at two parties, in which several hundred persons took part. Prompt action is being taken by the city.

WOMAN SHOTS NEGRO.
CHICAGO, July 30.—A white woman shot a negro in the side on South Wabash avenue this afternoon. She escaped uninjured.

FIRE SITUATION ON FORESTS STILL BAD
Telegraphic reports received this morning at the local offices of the forest service from all forest supervisors in this district of the forest service state that the fire situation is much relieved by rain falls. Some of the light rains fell and the situation will be bad again in a number of days. Heavy rains were reported especially on the Caribou, Minidoka and Targhee national forests.

The reports from the supervisors also stated the amount expended by them for the control of the forest fires since the first of July when the figures were compiled that more than \$51,000 has been expended as pay for fire fighters. This report did not include the Idaho national forest where the fires have been the most serious.

HOW DID GRANDPA ESCAPE?
Little Marie was sitting on her grandfather's knee one day, and after looking at him intently for a time she said: "Grandpa, were you in the ark?"

"Certainly not, my dear," answered the astonished old man.
"Then why weren't you drowned?"—Blighty, London.

PRESS AGENT'S OPPORTUNITY.
"Are you in favor of trying the ex-killer?"
"I don't know," said the man who always has his suspicions. "I'm a little bit afraid Wilhelm is looking forward to a trial as a means of getting a whole lot more publicity."

IF YOU CAN DRIVE LIKE THIS YOU'RE A GOLFER
WALTER HAGEN

1—Addressing the ball, the proper pose at the tee.
2—At the top of the swing, the left knee is bent.
3—The finish of the stroke, note the follow through.
Walter Hagen is national and metropolitan golf champion. He knows how to drive. These pictures were posed especially to give the new golfer, and the veteran who has never learned, a correct lesson in driving.
It will be noted that the champion's left knee bends and his eyes are on the ball as he swings downward on the tee. The last picture shows the drive completed. There is a "follow through" you've heard so much about. His eyes have never left it, they're still on the ball as it swiftly sails down the fairway.
Study the illustrations. The pictures are the best teachers.

Federal Probe Of High Cost Of Living Opens

WASHINGTON, July 30.—Federal investigations which may have an effect on the high cost of living are under way in the department of justice, Attorney-General Palmer said today. He declined, however, to indicate their nature.

"There is no doubt that the majority of the people are more prosperous than ever before, farmers and wage earners especially," Mr. Palmer said. "The man who has suffered from high prices has been the salaried man, the clerk. I wish we could do something to help him. I'm open to suggestions."

Daily Market Report

NEW YORK, July 30.—Stocks derived much of their strength at the outset of today's trading from the favorable quarterly statement issued by the United States Steel corporation after the close of yesterday's session. The initial transaction in United States Steel comprised a block of 4,500 shares at an advance of over one point. Related issues were one to almost two points higher with oils and motors and tobacco supplementing yesterday's gains. There was an active inquiry for rails, Reading and Texas and Pacific displaying special activity.

Rallies of 1 to 2 points ensued later, the recovery accompanying reports that the federal reserve board was not considering the matter of brokers' loans.

NEW YORK, July 30.—Early promise of steadiness on the stock market today was speedily dissipated, prices breaking sharply before midday. Declines were concurrent with Washington advice that the federal reserve board was again in session and that action to curtail speculative operations might be recommended. Reactions of 2 to 5 points were recorded by leaders, notably United States Steel, Mexican Petroleum, Marine common, Atlantic Gulf, American International, American Tobacco, Maxwell, Stutz and General Motors, American Sugar and Industrial Alcohol, standard falls losing 1 to 2 points. Call money opened at 6 to 6 1/2 per cent.
